**10e(1):** SCI Access required for access to SCI networks: JWICS and NSANET and supporting intelligence databases. Written concurrence of the CM is required prior to subcontracting. No public release of information authorized, public disclosure or confirmation of any subject related to the support contract is not authorized without first obtaining written approval from the KO. The Contractor Facility Security Officer (FSO) will work with the Contract Support Element (CSE) to process requests for SCI access in ACAV and future software systems used by CSE. Contractor must notify CSE and the COR any change in status of SCI-accessed personnel: marriage, divorce, name change, etc. Contractor will inform CSE and COR within 24hrs of when they become aware of derogatory information (arrests, security incidents, etc.). Contractor will report derogatory information meeting the standards of AR 380-67 immediately as an incident report to the Joint Personnel Adjudication System (JPAS) as well as notify the Defense Security Service (DSS) in accordance with the NISPOM.

**10e(2):** Access to collateral intelligence information required for performance and access to SIPRNET. Non-SCI Information is not releasable to contractor employees who have not received a clearance at the appropriate security level. Written concurrence of the KO is required prior to subcontracting.

**10g:** The SIPRNET and JWICS contain NATO information and a NATO awareness briefing is required for everyone who needs access to SIPRNET or JWICS. The purpose of providing a NATO awareness briefing is to inform personnel how to protect NATO information in the event they come across it while on the SIPRNET. See 10k below for additional information.

**10h:** Foreign Government Information (FGI) is not releasable to contractor employees who have not received a FINAL clearance at the appropriate security level. Written concurrence of the KO is required prior to subcontracting. Exposure to FGI is based on access to SIPRNET, JWICS and NSANET networks and supporting databases.

**10j:** For Official Use Only (FOUO). The contractor is responsible for handling and protection of FOUO markings only when generated and disseminated by the Government, and is required to apply FOUO markings only when extracting FOUO information from such material. See Appendix FOUO Information. Controlled Unclassified Information (CUI) including, Law Enforcement Sensitive (LES) requires safeguarding or dissemination control. Contractor may disseminate CUI to its employees who have a valid "need to know" to support this contract. No further distribution of the information is authorized without prior approve of the COR. CUI generated and/or provided under this contract shall be safeguarded and marked as specified in DOD 5200.1, Volume 4, 24 Feb 12.

**10k:** NIPRNET, SIPRNET, JWICS and NSANET access required. The contractor shall not access, download or further disseminate any special access data (i.e. intelligence, NATO, COMSEC, etc.) outside the execution of the defined contract requirements and without the guidance and written permission of the KO. In the event that any special access is required, the KO must modify the requirements for the DO Form 254. All contract personnel must follow requirements in AR 25-2, Information Assurance and the INSCOM Acceptable Use Policy.

**11a:** Access or storage of classified information is not required at the contract's facility.

**11j:** INSCOM OPSEC Requirements provided under separate cover from CM.

**11i:** SI/TK/G and HCS SCI accesses required to perform work on this contract. All personnel working under this contract must be trained on Executive Order 13526. Any extracts for use of classified data requires the contractor to apply derivative classifications IAW INSCOM OPOD 11-092 and FRAGO 1. All markings must be consistent with the source documents. Contractor shall notify the COR two weeks prior to personnel leaving the contract. Contractor will inform the COR immediately when personnel are no longer employed under this contract, so their credentials (CAC Card, Security Badges, etc) are returned to the government and permission to US Government Systems is deactivated. The government reserves the right to direct any contractor employee to be removed from performance, directly or indirectly. Whenever there is probable cause to believe, on the basis of all the facts available, that such action is warranted in the interest of national security. This action shall be made whether or not the cause is deemed sufficient to warrant action to terminate the contractor's or individual's security clearance. The government also reserves the right to remove any contractor for the purpose of conducting any investigation of alleged misconduct which may, in the opinion of the Contracting Officer, jeopardize the security of the project.

**US ARMY SCI ADDENDUM TO DD FORM 254, 31 May 2005**

## FOUO ADDENDUM TO DD 254

W911W4-13-R-0005-0003

### SAFEGUARDING “FOR OFFICIAL USE ONLY” (FOUO) INFORMATION

(Updated: 23 July 2010)

1. The “FOR OFFICIAL USE ONLY” marking is assigned to information at the time of its creation in a DOD User Agency. It is not authorized as a substitute for a security classification marking but it is used on official Government Information that may be withheld from the public under exemptions 2 through 9 of the Freedom of Information Act.
2. Other non-security markings such as “Limited Official Use” and “Official Use Only” are used by non-DOD User Agencies for the same type of information and should be safeguarded and handled in accordance with instructions received from such agencies.
3. Use of the above markings does not mean that the information cannot be released to the public, only that it must be reviewed by the Government prior to its release, to determine whether a significant and legitimate Government purpose is served by withholding the information or portions of it.

#### 4. IDENTIFICATION MARKINGS:

- a. An unclassified document containing FOUO information shall be marked “UNCLASSIFIED//FOR OFFICIAL USE ONLY” in bold letters at least 3/16 of an inch high at the top and bottom of the front cover (if any), on each page, and on the outside of the back cover (if any). No portion marking will be shown.
- b. Within a classified document, an individual page that contains both FOUO and classified information will be marked at the top and bottom with the highest security classification appearing on the page. If an individual portion contains FOUO information but no classified information, the portion will be marked “U//FOUO”.
- c. Any “FOR OFFICIAL USE ONLY” information released to a contractor by a DOD User Agency is required to be marked with the following statement prior to transfer:

**THIS DOCUMENT CONTAINS INFORMATION EXEMPT FROM MANDATORY DISCLOSURE UNDER THE FOIA. EXEMPTIONS APPLY.**

- d. Removal of the “FOR OFFICIAL USE ONLY” marking can only be accomplished by the originator or other competent authority. When “FOR OFFICIAL USE ONLY” status is terminated, all known holders will be notified to the extent possible.
5. DISSEMINATION: Contractors may disseminate “FOR OFFICIAL USE ONLY” information to their employees and subcontractors who have a need for the information in connection with a classified contract.
  6. STORAGE: During normal working hours “FOR OFFICIAL USE ONLY” information shall be placed in an out-of-sight location if the work area is accessible to persons who do not have a need for the information. During non-working hours, the information shall be stored to preclude unauthorized access. Filing such material

with other unclassified records in unlocked files or desks is adequate when internal building security is provided during non-working hours. When such internal security control is not exercised, locked buildings or rooms will provide adequate after hours protection or the material can be stored in locked receptacles such as file cabinets, desks or bookcases.

7. TRANSMISSION: "FOR OFFICIAL USE ONLY" information may be sent via first-class mail or parcel post. Bulky shipments may be sent fourth-class mail. Electronic transmission of FOUO information by voice, data, facsimile or similar means, should be by approved secure communications systems when possible.

8. DISPOSITION: When no longer needed, FOUO information may be disposed of by tearing each copy into pieces to preclude reconstructing, and placing it in a trash container or as directed by the User Agency.

9. UNAUTHORIZED DISCLOSURE: Unauthorized disclosure of "FOR OFFICIAL USE ONLY" information does not constitute a security violation but the releasing agency should be informed of any unauthorized disclosure. The unauthorized disclosure of FOUO information protected by the Privacy Act may result in criminal sanctions.
