If any difficulty is encountered in applying this guidance or if any other contributing factor indicates a need for changes in this guidance, the contractor is authorized and encouraged to provide recommended changes: to challenge the guidance or classification assigned to any information or material furnished or generated under this contract, and to submit any questions for interpretation of this guidance to the official identified below. Pending final decision, the information involved shall be handled and protected at the highest level of classification assigned or recommended. *(Fill in as appropriate for the classified effort. Attach, or forward under separate correspondence, any document/guides/extracts referenced herein. Add additional pages as needed to provide complete guidance.*

10a. Classified COMSEC material is not releasable to contractor employees who have not received a FINAL clearance at the appropriate security level. COMSEC access shall be IAW DoD 5220.22-M and AR 380-40. When access is required at Government facilities, contractor personnel will adhere to COMSEC rules and regulations as mandated by Command policy and procedures. Written concurrence of the KO is required prior to subcontracting.

10e(1) SCI Access required. No public release of information authorized, public disclosure or confirmation of any subject related to the support contract is not authorized without first obtaining written approval from the KO.

10e(2) Non-SCI Information is not releasable to contractor employees who have not received a clearance at the appropriate security level. Written concurrence of the KO is required prior to subcontracting. Access to Intelligence information required for performance.

10f. Discussion, storage, or processing of SAP information associated with this contract will be conducted in facilities specifically accredited by the Army SAPCO (or designee), or equivalent component-level SAPCO. Contact the appropriate servicing SAPCO for approved SAP facilities locations. SAP activities are governed by Revision 1 Department of Defense Overprint to the National Industrial Security Program Operating Manual Supplement, 1 APR 04, and applicable program security classification and procedures guides. Component-managed SAPFs and SAP Temporary Secure Working Areas (TSWA) are governed by JAFAN 6/9. Access to SAP information requires employees undergo additional personnel security screening and meet the SAP access standards delineated in the applicable DoD directives and policies. SAP inspections and security oversight while in component facilities are under the cognizance of the SAPCO, as appropriate. Additional SAP security requirements may apply at alternate locations/facilities based on service/component Command requirements. The KO for these locations/facilities will provide specific guidance as required. SAP inspections conducted at contractor facilities are under the security oversight of the Defense Security Service (DSS) unless officially relieved of their oversight responsibilities.

10g. Personnel not assigned to a NATO staff position, but requiring access to NATO classified information, NATO COSMIC, NATO Secret or access to the NATO accredited SIPRNET terminals, must possess the equivalent FINAL or Interim U.S. Security Clearance based upon the appropriate personnel security investigation required. Personnel with access to NATO ATOMAL information must have the appropriate level FINAL U.S. Security Clearance. The government program/project manager is the designated representative that will ensure the contractor security manager and concerned employees are NATO briefed prior to access being granted. The contractor will maintain strict compliance in regards to NATO information IAW NISPOM Ch 10, Section 7. Prior approval from the KO is required for subcontracting

10h. For Official Use Only (FOUO) Information generated and/or provided under this contract shall be safeguarded and marked as specified in DoD 5200.1-R, Appendix 3 (attached).

10J. Foreign Government Information (FGI) is not releasable to contractor employees who have not received a FINAL clearance at the appropriate security level. Written concurrence of the KO is required prior to subcontracting.

10k. NIPRNET, SIPRNET, JWICS and NSANET access required. The contractor shall not access, download or further disseminate any special access data (i.e. intelligence, NATO, COMSEC, etc.) outside the execution of the defined contract requirements and without the guidance and written permission of the KO. In the event that any special access is required, the KO must modify the requirements for the DD Form 254.

11a. Contractor performance is restricted to U.S. government controlled and managed facilities in CONUS and OCONUS as directed by the Contract Monitor. Government agency or activity will provide security classification guidance for performance of this contract. Submit visit request via ACAVS/JPAS to the KO and/or Security Management Office or Contract Monitor for need-to-know verification.

11f. Access to classified material outside of the United States is restricted to US Government Activities only.

11i. SI/TK/G and HCS accesses required to perform work on this contract. TARP Training is required. The COR/CM/KO will ensure the contractors with security clearance comply with threat awareness and requirements specific in AR 381-12, para 1-14. Contractors will report threat-related incidents, behavioral indicators, and other matters of CI interest to their FSO (Facility Security Officer), the nearest military CI office, the Federal Bureau of Investigation (FBI) or the Defense Security Service.

FOUO ADDENDUM TO DD FORM 254

SAFEGUARDING "FOR OFFICIAL USE ONLY" (FOUO) INFORMATION

1. The "For Official Use Only" (**FOUO**) marking is assigned to information at the time of its creation in a DoD User Agency. It is not authorized as a substitute for a security classification marking but is used on official Government Information that may be withheld from the public under exemptions 2 through 9 of the Freedom of Information Act (**FOIA**).
2. Other non-security markings, such as "Limited Official Use" and "Official Use Only" are used by non-DoD User Agencies for the same type of information and should be safeguarded and handled in accordance with instruction received from such agencies.
3. Use of the above markings does not mean that the information cannot be released to the public under FOIA, only that it must be reviewed by the Government prior to its release to determine whether a significant and legitimate Government purpose is served by withholding the information or portions of it.
4. IDENTIFICATION MARKINGS:
 - a. An unclassified document containing FOUO information will be marked "UNCLASSIFIED // FOR OFFICIAL USE ONLY" in bold letters at least 3/16 of an inch at the top and bottom of the front cover (if any), on the first page, on each page containing FOUO information, on each page, and on the outside of the back cover (if any). No portion markings will be shown.
 - b. Within a classified document, an individual page that contains both FOUO and classified information will be marked at the top and bottom with the highest security classification of information appearing on the page. If an individual portion contains FOUO information, but no classified information, the portion will be marked "U//FOUO."
 - c. Any "For Official Use Only" information released to a contractor by a DoD User Agency is required to be marked with the following statement prior to transfer.

"THIS DOCUMENT CONTAINS INFORMATION EXEMPT FROM MANDATORY DISCLOSURE UNDER THE FOIA. EXEMPTIONS APPLY"
 - d. Removal of the "FOR OFFICIAL USE ONLY" marking can only be accomplished by the originator or other competent authority. When the "FOR OFFICIAL USE ONLY" status is terminated, all known holders will be notified to the extent practical.
5. DISSEMINATION:

Contractors may disseminate "FOR OFFICIAL USE ONLY" information to their employees and subcontractors who have a need for the information in connection with a classified contract.
6. STORAGE: During working hours, "FOR OFFICIAL USE ONLY" information shall be placed in an out-of-sight location if the work area is accessible to persons who do not have a need for the information. During nonworking hours, the information shall be stored to preclude unauthorized access. Filing such material with other unclassified records in unlocked files or desks, is adequate when internal building security is provided during nonworking hours. When such internal security control is not exercised, locked buildings or rooms will provide adequate after-hours protection or the material can be stored in locked receptacles such as file cabinets, desks, or bookcases.
7. TRANSMISSION: "FOR OFFICIAL USE ONLY" information may be sent via first-class mail or parcel post. Bulky shipments may be sent by fourth-class mail. Electronic transmission of FOUO information by voice, data, facsimile means, should be by approved secure communications systems when possible.
8. DISPOSITION: When no longer needed, FOUO information may be disposed of by tearing each copy into pieces to preclude reconstructing, and placing it in a trash container or as direct by the User Agency.
9. UNAUTHORIZED DISCLOSURE: Unauthorized disclosure of "FOR OFFICIAL USE ONLY" information does not constitute a security violation, but the releasing agency should be informed of any unauthorized disclosure. The unauthorized disclosure of FOUO information protected by the Privacy Act may result in criminal sanctions.
